Official Course Description:

Distributions of fresh water in space and time at regional and global scales. Emphasis on inter-relationships of water, humans and natural ecosystems and impacts on water quality and quantity. Introductory level exploration of 21st century challenges linked to the development of fresh water resources in the global environment.

Course Objectives:

The primary objective of this course is to build basic knowledge of the physical and chemical processes governing fresh water quality and quantity, and its importance to global ecosystems and societies. The course is designed to improve understanding of the importance of water to ecosystems and humanity, and introduce critical challenges linked to the provision of fresh water.

Course Learning Outcomes:

The Department of Geography is committed to student knowledge and skill development. The table below lists the key learning outcomes for this course, the program-learning outcomes they facilitate and the expected level of achievement.

| Course Learning Outcomes | PLO(s) | Level(s) |
|---|--------|----------|
| Appreciate the importance and value of fresh water resources | 1,2 | 3 |
| Analyze hydrologic problems by applying basic mathematics | 3 | 1 |
| Interpret and summarize selected literature on global water resources | 1,8 | 2 |
| Develop collaborative team work skills and presentation skills | 2,7,8 | 2 |
| | | |

PLOs = Program Learning Outcomes: 1 = reflect and communicate diverse human-environment perspectives, 2 = identify and explain human-environment processes, 3 = implement sampling, data collection, analyses and communication methods, 4 = analyze spatial and temporal aspects of human-environment systems, 5 = employ knowledge, arguments, and methodologies for solving human-environment problems, 6 = evaluate geospatial data and manipulate it to create cartographic products, 7 = communicate geographic concepts using oral, written,

graphic, and cartographic modes, and 8 = demonstrate literacy skills. **Levels:** (1) Introductory, (2) Intermediate, (3) Advanced.

Prerequisites: N/A

Supplementary Fees: (field trips etc). N/A

Text(s)/Readings: Readings will be assigned throughout the course. Bibliography will be posted on D2L

Grading (Weighting):

| Grading | Percentage (%) | |
|-------------------|----------------|-----------------|
| Quizzes | 40 | (x4 @ 10% each) |
| Midterm | 30 | |
| Term presentation | 30 | |

There is no final examination for this course. It is not essential to pass all elements/components to pass the course as a whole.

Grading System:

| | | | | | |
|--------|----|-------|----|-------|----|
| 96-100 | A+ | 77-80 | B | 59-61 | C- |
| 90-95 | A | 71-76 | B- | 55-58 | D+ |
| 86-89 | A- | 65-70 | C+ | 50-54 | D |
| 81-85 | B+ | 62-64 | C | 0-49 | F |

Human subjects

"Students will NOT participate as subjects or researchers on human subjects".

USRI

At the University of Calgary, feedback provided by students through the Universal Student Ratings of Instruction (USRI) survey provides valuable information to help with evaluating instruction, enhancing learning and teaching, and selecting courses (www.ucalgary.ca/usri). Your responses make a difference - please participate in USRI Surveys.

Writing across the Curriculum

Writing skills are not exclusive to English courses and, in fact, should cross all disciplines. The University supports the belief that throughout their University careers, students should be taught how to write well so that when they graduate their writing abilities will be far above the minimal standards required at entrance. Consistent with this belief, students are expected to do a substantial amount of writing in their University courses and, where appropriate, members of faculty can and should use writing and the grading thereof as a factor in the evaluation of student work. The services provided by the Writing Support Services can be utilized by all undergraduate and graduate students who feel they require further assistance.

Principles of Conduct

The University of Calgary Calendar includes a statement on the Principles of conduct expected of all members of the University community (including students, faculty, administrators, any category of staff, practicum supervisors and volunteers) whether on or off the University's property. This statement applies in all situations where the members of the University community are acting in their University capacities. All Members of the University Community have a responsibility to familiarize themselves with this statement which is available at: <http://www.ucalgary.ca/pubs/calendar/current/k.html>

Internet and electronic communication device information:

No restriction on the use of laptops and tablets in class if they are used to take notes or find information relevant to the class, and if there is *no disturbance or distraction of other students or the instructor*. Phones must be turned off during class time.

Plagiarism

Academic dishonesty is not an acceptable activity at the University of Calgary and students are **strongly advised** to read the Student Misconduct section in the University Calendar. Quite often, students are unaware of what constitutes academic dishonesty or plagiarism. The most common are 1) presenting another student's work as your own 2) presenting an author's work or ideas as your own without proper referencing and 3) using work completed for another course. This activity will not be tolerated in this course and students conducting themselves in this manner will be dealt with according to the procedures outlined in the calendar: <http://www.ucalgary.ca/pubs/calendar/current/k-5.html>

Academic Accommodations:

Students needing an accommodation because of a Disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities. The procedure can be found at: ucalgary.ca/policies/files/policies/student-accommodation-policy

Students needing an accommodation based in relation to their coursework or to fulfil requirements for a graduate degree, on a Protected Ground other than Disability, should communicate this need, preferably in writing to their instructor or the appropriate Associate Dean or Department Head. ucalgary.ca/policies/files/policies/student-accommodation-policy

Students needing an Accommodation unrelated to their coursework or the requirements for a graduate degree, based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to the Vice-Provost (Student Experience).

Freedom of Information and Protection of Privacy

FOIP: The Freedom of Information and Protection of Privacy (FOIP) legislation disallows the practice of having students retrieve assignments from a public place, e.g., outside instructor's office, the department office, etc. Term assignments will be returned to students individually, during class or during the instructor's office hours; if students are unable to pick up their assignments from the instructor, they provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment.

Re: Posting of Grades and Picking-up of Assignments

- All assignments will be handled through D2L or personally.
- Their own grades will be available to each student on D2L by password access. Grades will not be available at Geography's main office.
