Emphasis on the characteristics, distribution, inter-relationships and comparisons of the major culture and physical phenomena of these areas i.e. population, political situation, economy, language, religion and environment. Some historical developments in each of the areas are presented for perspective, but the major emphasis is on the background for understanding contemporary world affairs.

#### Course objectives:

1. To develop a greater understanding of the population, political situation, economy, language, religion, environment and cultures of the world's major culture regions through geographical analysis.
2. To evaluate the processes of globalization and how they influence the development of the world's major regions from a cultural, historical, political, and physical perspective.
3. To gain an understanding of current and historical world affairs through a geospatial context.

- The final exam will be scheduled by the registrar during the exam period. **Do not plan any travel away from Calgary until you know your exam schedule.**

**Communication and course etiquette :** Regarding e-mail and other communication with the Professor and other students. Please make sure your e-mails are polite and respectful. Any abusive or disrespectful e-mails or other communication deemed so will be reported and you may face non-academic or academic misconduct if they are deemed to be abusive or bullying in nature.

The Professor expects students to show up for class. If you missed important information it is best that you attempt to obtain that information from your peers. If it because of illness or other extenuating circumstances contact the professor during office hours, after class, or set up an alternate time to meet. Sending e-mails expecting long responses from your Professor because of your absence may go unanswered. This is especially true immediately before exams if the information has been given multiple times in class or by e-mail to the class.

It is a student's responsibility to follow the course schedule and the readings that have been detailed in the course schedule in the outline. This schedule might change through the term so make sure you follow these changes that may be outlined in class. The material in the textbook and the lectures **are all** testable material regardless if the material in the readings were not covered in the lecture or the lecture covered different material that is not in the textbook. Keep in mind as well that lecture slides are just headings of what the Professor is discussing. You will need to take notes to understand the material. Reading the slides and not coming to class or not taking notes will not adequately prepare you for the exams.

Regarding exams, we do not have time to go over the exams in class. There is too much material to cover in this course. If you have questions about the exams please see the professor in his/her office hours. The policy for reviewing an exam is within two weeks of receiving the grade on D2L. No other reviews will be permitted following the two week period.

**For additional detailed course information posted by the Instructor Desire2Learn at <https://d2l.ucalgary.ca/d2l/home>**

**Human subjects:**

Students are not expected to participate as subjects or researchers when research on human subjects may take place.

### USRI

At the University of Calgary, feedback provided by students through the Universal Student Ratings of Instruction (USRI) survey provides valuable information to help with evaluating instruction, enhancing learning and teaching, and selecting courses ([www.ucalgary.ca/usri](http://www.ucalgary.ca/usri)). Your responses make a difference - please participate in USRI Surveys.

### Writing across the Curriculum

Writing skills are not exclusive to English courses and, in fact, should cross all disciplines. The University supports the belief that throughout their University careers, students should be taught how to write well so that when they graduate their writing abilities will be far above the minimal standards required at entrance. Consistent with this belief, students are expected to do a substantial amount of writing in their University courses and, where appropriate, members of faculty can and should use writing and the grading thereof as a factor in the evaluation of student work. The services provided by the Writing Support Services can be utilized by all undergraduate and graduate students who feel they require further assistance.

### Principles of Conduct

The University of Calgary Calendar includes a statement on the Principles of conduct expected of all members of the University community (including students, faculty, administrators, any category of staff, practicum supervisors and volunteers) whether on or off the University's property. This statement applies in all situations where the members of the University community are acting in their University capacities. All Members of the University Community have a responsibility to familiarize themselves with this statement which is available at: <http://www.ucalgary.ca/pubs/calendar/current/k.html>

**Internet and electronic communication device information:**

No restriction on the use of laptops and tablets in class if they are used to take notes or find information relevant to the class, and if there is *no disturbance or distraction of other students or the instructor*. Phones must be turned off during class time unless you are a health care or law enforcement professional with appropriate ID.

**Plagiarism**

Academic dishonesty is not an acceptable activity at the University of Calgary and students are **strongly advised** to read the Student Misconduct section in the University Calendar. Quite often, students are unaware of what constitutes academic dishonesty or plagiarism. The most common are 1) presenting another student's work as your own 2) presenting an author's work or ideas as your own without proper referencing and 3) using work completed for another course. This activity will not be tolerated in this course and students conducting themselves in this manner will be dealt with according to the procedures outlined in the calendar: <http://www.ucalgary.ca/pubs/calendar/current/k-5.html>

**Academic Accommodations:**

Students needing an accommodation because of a Disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities. The procedure can be found at:

[ucalgary.ca/policies/files/policies/student-accommodation-policy](http://ucalgary.ca/policies/files/policies/student-accommodation-policy)

Students needing an accommodation based in relation to their coursework or to fulfil requirements for a graduate degree, on a Protected Ground other than Disability, should communicate this need, preferably in writing to their instructor or the appropriate Associate Dean or Department Head.

[ucalgary.ca/policies/files/policies/student-accommodation-policy](http://ucalgary.ca/policies/files/policies/student-accommodation-policy)

Students needing an Accommodation unrelated to their coursework or the requirements for a graduate degree, based on a Protected Ground other than Disability, should communicate this need, preferably in writing, to the Vice-Provost (Student Experience).

**Freedom of Information and Protection of Privacy**

*FOIP*: The Freedom of Information and Protection of Privacy (FOIP) legislation disallows the practice of having students retrieve assignments from a public place, e.g., outside instructor's office, the department office, etc. Term assignments will be returned to students individually, during class or during the instructor's office hours; if students are unable to pick up their assignments from the instructor, they provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment.

**Re: Posting of Grades and Picking-up of Assignments**

- All assignments will be handled through D2L or personally.
- Their own grades will be available to each student on D2L by password access. Grades will not be available at Geography's main office.
