Course Evaluation

<i>Grade Summary:</i>	Labs (six)	36 %
	Quizzes (five)	24 %
	Final Exam	40 % (to be scheduled by the Registrar)

Quizzes: There will be five 20 minute in-class quizzes, based on lecture material and reading assignments. These quizzes will be at the start of the class. If you keep up with your weekly reading these will be straightforward. Quizzes are worth 6% each, and your best 4 of 5 results count towards your mark. All quizzes are closed book.

<i>Quiz Dates:</i>	Quiz 1	September 23
	Quiz 2	October 7
	Quiz 3	October 21
	Quiz 4	November 6
	Quiz 5	November 20

Labs: There will be a series of six labs, each worth 6% of your final mark. You have 1-2 weeks to complete each lab exercise. The lab TA will be available in SS 018 for the lab periods. Lab exercises are a blend of computer-based data analysis and desktop analysis of weather charts. While many of the exercises can be completed at home, you are encouraged to come to your lab period for help. Most of the exercises are designed to be completed within the two-hour time period. Individual written assignments are required for each lab. You are welcome to work on the lab assignments together, but your submissions must be your own, and of course, as always, do not plagiarize or it is an automatic 0 for all involved.

Final Exam: Cumulative, Closed book. Two hours. To be scheduled by the registrar.

Late Policy: Lab assignments are to worked on individually are due at the beginning of the lab sessions as indicated in the class scheduled (see attached) and are to handed in to the Teaching Assistant for the course. Please hand in a paper copy. Assignments handed in late will be subject to a grade reduction of 10% per day (weekend and holidays included). Medical related circumstances will require a note from a physician.

USRI

At the University of Calgary, feedback provided by students through the Universal Student Ratings of Instruction (USRI) survey provides valuable information to help with evaluating instruction, enhancing learning and teaching, and selecting courses (www.ucalgary.ca/usri). Your responses make a difference - please participate in USRI Surveys.

Writing across the Curriculum

Writing skills are not exclusive to English courses and, in fact, should cross all disciplines. The University supports the belief that throughout their University careers, students should be taught how to write well so that when they graduate their writing abilities will be far above the minimal standards required at entrance. Consistent with this belief, students are expected to do a substantial amount of writing in their University courses and, where appropriate, members of faculty can and should use writing and the grading thereof as a factor in the evaluation of student work. The services provided by the Writing Centre in the Effective Writing Office can be utilized by all undergraduate and graduate students who feel they require further assistance.

Principles of Conduct

The University of Calgary Calendar includes a statement on the Principles of conduct expected of all members of the University community (including students, faculty, administrators, any category of staff, practicum supervisors and volunteers) whether on or off the University's property. This statement applies in all situations where the members of the University community are acting in their University capacities. All Members of the University Community have a responsibility to familiarize themselves with this statement which is available at: <http://www.ucalgary.ca/pubs/calendar/current/j-2.html>

Plagiarism

Academic dishonesty is not an acceptable activity at the University of Calgary and students are **strongly advised** to read the Student Misconduct section in the University Calendar. Quite often, students are unaware of what constitutes academic dishonesty or plagiarism. The most common are 1) presenting another student's work as your own 2) presenting an author's work or ideas as your own without proper referencing and 3) using work completed for another course. This activity will not be tolerated in this course and students conducting themselves in this manner will be dealt with according to the procedures outlined in the calendar. <http://www.ucalgary.ca/honesty/plagiarism>

Student Accessibility Services Accommodations

If you are a student with a documented disability who may require academic accommodation and have not registered with Student Accessibility Services, please contact their office at 220-8237. Students who have not registered with Student Accessibility Services are not eligible for formal academic accommodation. You are also required to discuss your needs with your instructor no later than fourteen (14) days after the start of this course.

Freedom of Information and Protection of Privacy

FOIP: The Freedom of Information and Protection of Privacy (FOIP) legislation disallows the practice of having students retrieve assignments from a public place, e.g., outside instructor's office, the department office, etc. Term assignments will be returned to students individually, during class or during the instructor's office hours; if students are unable to pick up their assignments from the instructor, they provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment.

Re: Posting of Grades and Picking-up of Assignments

- All assignments will be handled through Blackboard or personally.
- Their own grades will be available to each student on Blackboard by password access. Grades will **not** be available at Geography's main office.
