Mid-term exam 2	30%

### **Hints (how to excel in Geog 321):**

1. Attend all lectures. Attendance is closely linked to success in any course.
2. Be ready to engage in the course material and ask questions. Consider forming a study group to make learning easier and more effective; this also means better support and information should you ever be unable to attend class.
3. Textbook readings, other materials and documentaries are intended to supplement and reinforce the concepts presented in the lecture. They are not substitutes for attending the lecture.
4. Check D2L news often for lecture slides, further readings, current updates, grades, corrections, class cancellations, announcements etc.

### **Contacting your instructor**

Ask questions in class – for clarification, different points of views, and lively discussion in general. That is why we are here. Your professors welcome this interaction in class as well as right after their lectures for any further follow up. We urge you to take advantage of these opportunities for a two-way conversation, better engagement, and active learning. This is the easiest and most effective form of communication. If you need to contact your instructor outside class, please send your emails (formal style) to [dauidsen@ucalgary.ca](mailto:dauidsen@ucalgary.ca), clearly stating GEOG 321 in your subject line and your full name in the text body. This makes it easier to identify your emails easily in the flood of emails that professors receive every day. Please appreciate that you may not receive a response immediately; emails will be responded to during weekday hours (9:00am – 5:00pm) and possibly not within the same day. General questions (e.g. on

specific course content or exams) will also be copied into D2L and/or announced and answered in class so that all class participants can benefit from this information.

### **Writing across the Curriculum**

Writing skills are not exclusive to English courses and, in fact, should cross all disciplines. The University supports the belief that throughout their University careers, students should be taught how to write well so that when they graduate their writing abilities will be far above the minimal standards required at entrance. Consistent with this belief, students are expected to do a substantial amount of writing in their University courses and, where appropriate, members of faculty can and should use writing and the grading thereof as a factor in the evaluation of student work. The services provided by the Writing Centre in the Effective Writing Office can be utilized by all undergraduate and graduate students who feel they require further assistance.

### **Principles of Conduct**

The instructor reminds each of us to: *'work. study. play. with integrity.'* The University of Calgary Calendar includes a statement on the Principles of conduct expected of all members of the University community (including students, faculty, administrators, any category of staff, practicum supervisors and volunteers) whether on or off the University's property. This statement applies in all situations where the members of the University community are acting in their University capacities. All Members of the University Community have a responsibility to familiarize themselves with this statement which is available at: <http://www.ucalgary.ca/pubs/calendar/current/j-2.html>

### **Plagiarism**

Academic dishonesty is not an acceptable activity at the University of Calgary and students are **strongly advised** to read the Student Misconduct section in the University Calendar. Quite often, students are unaware of what constitutes academic dishonesty or plagiarism. The most common are 1) presenting another student's work as your own 2) presenting an author's work or ideas as your own without proper referencing and 3) using work completed for another course. This activity will not be tolerated in this course and students conducting themselves in this manner will be dealt with according to the procedures outlined in the calendar. <http://www.ucalgary.ca/honesty/plagiarism>

### **Academic Accommodations:**

It is the student's responsibility to request academic accommodations according to the university policies and procedures listed below. The student accommodation policy can be found at: [www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf](http://www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf)

Students needing an accommodation because of a Disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities. The procedure can be found at: [www.ucalgary.ca/policies/files/policies/procedure-for-accommodations-for-students-with-disabilities\\_0.pdf](http://www.ucalgary.ca/policies/files/policies/procedure-for-accommodations-for-students-with-disabilities_0.pdf)

Students needing an accommodation based on a Protected Ground other than Disability, should communicate this need, in writing, to the Instructor.

### **Freedom of Information and Protection of Privacy**

*FOIP:* The Freedom of Information and Protection of Privacy (FOIP) legislation disallows the practice of having students retrieve assignments from a public place, e.g., outside instructor's office, the department office, etc. Term assignments will be returned to students individually, during class or during the instructor's office hours; if students are unable to pick up their assignments from the instructor, they provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment.
