Official Course Description
Investigates the Arctic as a coupled system, and how the Arctic interacts with other Earth systems. Draws on physical, chemical, and biological sciences to understand linked topics such as Arctic glaciers, marine environments, hydrology, permafrost, wildlife, vegetation, and sea ice. Particular focus is paid to cycles of carbon, water, and energy as key drivers of the Arctic system. Selected human interactions with the Arctic system are also examined.

Course Objectives
In this course we will explore the elements that make up the Arctic’s physical environment. Beyond that, a core objective of the course will be to gain a clearer understanding of how these elements are interrelated and interdependent.

Course Learning Outcomes
The Department of Geography is committed to student knowledge and skill development. The table below lists the key learning outcomes for this course, the program-learning outcomes to which they contribute, and the expected level of achievement.

<table>
<thead>
<tr>
<th>Course Learning Outcomes</th>
<th>PLO(s)*</th>
<th>Level(s)**</th>
</tr>
</thead>
<tbody>
<tr>
<td>Explain the essential physical, chemical, biological, and geological processes that govern the arctic environment.</td>
<td>2</td>
<td>3</td>
</tr>
<tr>
<td>Explain natural vs. anthropogenic influences on arctic systems, and the nuanced interrelationships of these systems.</td>
<td>2, 5</td>
<td>3</td>
</tr>
<tr>
<td>Students should be able to explain how arctic systems have a broader influence on the globe.</td>
<td>2, 4</td>
<td>2</td>
</tr>
<tr>
<td>Students are expected to demonstrate independent research skills and resourcefulness in examining arctic system analysis.</td>
<td>7, 3</td>
<td>2</td>
</tr>
<tr>
<td>Students should be able to critically discuss and debate societal and policy issues of the Arctic.</td>
<td>1</td>
<td>2</td>
</tr>
<tr>
<td>Students should be equipped to critically evaluate public and media discussions on arctic science.</td>
<td>1, 8</td>
<td>3</td>
</tr>
<tr>
<td>Students should be able to apply a solid understanding of the arctic systems into their broader geography program and their workplace projects.</td>
<td>2, 5</td>
<td>3</td>
</tr>
</tbody>
</table>

*PLOs = Program Learning Outcomes: 1 = reflect and communicate diverse human-environment perspectives, 2 = identify and explain human-environment processes, 3 = implement sampling, data collection, analyses and communication methods, 4 = analyze spatial and temporal aspects of human-environment systems, 5 = employ knowledge, arguments, and methodologies for solving human-environment problems, 6 = evaluate geospatial data and manipulate it to create cartographic products, 7 = communicate geographic concepts using oral, written, graphic, and cartographic modes, and 8 = demonstrate literacy skills.

**Levels: 1 = Introductory, 2 = Intermediate, and 3 = Advanced.
Prerequisites
Prerequisite: 3 units from Geography 305, 408.

Learning Resources
Readings and other resource materials will be posted on D2L.

Learning Technologies and Requirements
Not applicable

Grading (Weighting)

- **Midterm Exam** (to test assimilation and synthesis of information): Oct 26 in class  30%
- **Term project** group problem solving a specific issue in the Arctic: due Dec. 8, drop box  20%
- **Term project presentation**: Dec. 5 in class  10%
- **Analysis of lectures, synthesis and critique (2)**: due 1 week after presentation  10%
- **Mapping our knowledge assignment**  20%
- **Participation**: questions, discussion, other contributions to the discussion:  10%

For the mapping our knowledge assignment, at the end of every lecture, students will be asked to summarize the important points covered in class and volunteers will be asked for to provide a contribution to the class knowledge map due in the following class. Students are to submit five (5) of these throughout the term, each worth four (4) percent of their grade, for a total of 20 percent.

There is no final exam. The midterm exam will be held in class, over 75 minutes, and will consist of short-answer questions to test for understanding and integration of the course content. If you are unable to complete an assignment or take a test on time, please contact Prof. Moorman as soon as possible. Unexcused late assignments will be assessed a 20% penalty per day. Deferred in-term exams may be permitted for acceptable reasons scheduled and administered at the instructor's discretion. It is not essential to pass all components to pass the course as whole.

The University’s official letter grading system will be used and a weighted average of letter grades, using the aforementioned weighting, will be used.
Grading System

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point Value</th>
<th>Description</th>
</tr>

SUPPLEMENTAL INFORMATION

Principles of Conduct
The University Calendar includes a statement on the principles of conduct expected of all members of the university community (including students, faculty, administrators, any category of staff, practicum supervisors, and volunteers), whether on or off university property. This statement applies in all situations where members of the university community are acting in their university capacities. All members of the university community have a responsibility to familiarize themselves with the principles of conduct statement, which is available at: www.ucalgary.ca/pubs/calendar/current/k.html.

Plagiarism, Cheating, and Student Misconduct
The University of Calgary is committed to the highest standards of academic integrity and honesty. Students are expected to be familiar with these standards regarding academic honesty and to uphold the policies of the University in this respect.

Academic dishonesty is not an acceptable activity at the University of Calgary, and students are strongly advised to read the Student Misconduct section in the University Calendar at: www.ucalgary.ca/pubs/calendar/current/k-3.html. Often, students are unaware of what constitutes academic dishonesty or plagiarism. The most common are (1) presenting another student’s work as your own, (2) presenting an author’s work or ideas as your own without adequate citation, and (3) using work completed for another course. Such activities will not be tolerated in this course, and students suspected of academic misconduct will be dealt with according to the procedures outlined in the calendar at: www.ucalgary.ca/legal-services/university-policies-procedures/student-academic-misconduct-procedure

Instructor Intellectual Property
Information on Instructor Intellectual Property can be found at: [www.ucalgary.ca/legal-services/university-policies-procedures/intellectual-property-policy](http://www.ucalgary.ca/legal-services/university-policies-procedures/intellectual-property-policy)

**Freedom of Information and Protection of Privacy**

Freedom of Information and Protection of Privacy (FOIP) legislation in Alberta disallows the practice of having students retrieve assignments from a public place, such as outside an instructor’s office, the department office, etc. Term assignments will be returned to students individually, during class or during the instructor’s office hours; if students are unable to pick up their assignments from the instructor, they must provide the instructor with a stamped, self-addressed envelope to be used for the return of the assignment.

**Human subjects**

Students in the course will not be expected to participate as subjects or researchers when research on human subjects may take place.

**Internet and electronic communication device information**

There are no restrictions on the use of laptops and tablets in class if they are used to take notes or find information relevant to the class, and if there is no disturbance or distraction of other students or the instructor. Phones must be turned off during class, unless you have previously identified yourself to the instructor as a health care or law enforcement professional.

**Posting of Grades and Picking-up of Assignments**

Graded assignments will be returned by the instructor or teaching assistant personally during scheduled lecture or laboratory periods, unless they are made available electronically through the course D2L webpage. Grades and assignments will not be available at the Department of Geography’s main office.

**Academic Accommodations**

It is the student’s responsibility to request academic accommodations, according to the university policies and procedures listed in the University Calendar.

The student accommodation policy can be found at: [www.ucalgary.ca/legal-services/university-policies-procedures/student-accommodation-policy](http://www.ucalgary.ca/legal-services/university-policies-procedures/student-accommodation-policy)

Students needing an accommodation because of a disability or medical condition should communicate this need to Student Accessibility Services in accordance with the Procedure for Accommodations for Students with Disabilities: [www.ucalgary.ca/legal-services/university-policies-procedures/accommodation-students-disabilities-procedure](http://www.ucalgary.ca/legal-services/university-policies-procedures/accommodation-students-disabilities-procedure)

Students needing an accommodation based on a protected ground other than disability should communicate this need, preferably in writing to their instructor or the Department Head (email: freeman@ucalgary.ca).

**Documentation for Absences or Missed Course Assessments**

Students who are absent from class assessments (tests, participation activities, or other assignments) should inform the instructor as soon as possible. Instructors may request that evidence in the form of documentation be provided. If the reason provided for the absence is acceptable, instructors may decide that any arrangements made can take forms other than make-up tests or assignments. For example, the weight of a missed grade may be added to another assignment or test. For information on possible forms of documentation, including statutory declarations, please see: [www.ucalgary.ca/pubs/calendar/current/m-1.html](http://www.ucalgary.ca/pubs/calendar/current/m-1.html)
Copyright Legislation
All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright: (www.ucalgary.ca/policies/files/policies/acceptable-use-of-material-protected-by-copyright.pdf) and requirements of the copyright act (www.laws-lois.justice.gc.ca/eng/acts/C-42/index.html) to ensure they are aware of the consequences of unauthorised sharing of course materials (including instructor notes, electronic versions of textbooks etc.). Students who use material protected by copyright in violation of this policy may be disciplines under the Non-Academic Misconduct Act.

Wellness and Mental Health Resources
The University of Calgary recognizes the pivotal role that student mental health plays in physical health, social connectedness, and academic success and aspires to create a caring and supportive campus community where individuals can freely talk about mental health and receive supports when needed. We encourage you to explore the mental health resources available throughout the university community, such as counselling, self-help resources, peer support, or skills-building available through the SU Wellness Centre (Room 370, MacEwan Student Centre, https://www.ucalgary.ca/wellnesscentre/services/mental-health-services) and the Campus Mental Health Strategy website: (http://www.ucalgary.ca/mentalhealth/).

Contact Information for Student and Faculty Representation
- Student Union VP Academic 403-220-3911, suvpaca@ucalgary.ca
- Students Union Representatives for the Faculty of Arts – 403-220-3913, arts1@su.ucalgary.ca, arts2@su.ucalgary.ca, arts3@su.ucalgary.ca, arts4@su.ucalgary.ca
